Open Studios is a program of The Clemente Soto Velez Cultural Center and Artists Alliance, Inc.

About this event

The Clemente Soto Velez Cultural Center and Artists Alliance, Inc. are pleased to present a Multi-Day Virtual Open Studios January 28 through January 31, 2021!

For the past 24 years, The Clemente's resident artists and organizations have opened their studios in the landmark-quality building that serves hundreds of working artists and organizations to showcase new work in a wide range of media. Open Studios is a free and open platform for local arts that builds, sustains, and supports the thriving creative community of the Lower East Side.

Due to the COVID19 pandemic, Open Studios will be hosted virtually, with an opportunity to view new works flanking The Clemente's facade on Suffolk and Rivington Streets. Open Studios will be held on January 28 through January 31, 2021. All programming is released on [The Clemente's YouTube page](#), unless otherwise indicated.
