ABOUT THE PROJECT

The *LES Citizens Parade* is an activist processional and series of performances connecting community members of NYC's Lower East Side. Created by choreographer Naomi Goldberg Haas (Artistic Director of [Dances For A Variable Population](#)), and visual artist Laura Nova, and performed by neighborhood senior citizens and legendary senior dancers, the work will create a celebratory, visual journey that honors the experience of long-term residents and marks the opening of a new eco-park at Pier 35.
