The Power Move

May 12, 2018

2:10 - 2:45

Main Atrium, First Floor, Queens Museum

[The Jumping Janes](#)

Inspired by Jane Fonda, The Jumping Janes want to get people up and moving and stimulate their creative problem solving. To encourage both activist and active audience participation, The Jumping Janes offer a 7-minute choreographed sequence of power moves. The sequence practices both utilitarian movement skills and strength training to prepare participants for real-life situations.
